# CHEM-TECH SERIES XPV PERISTALTIC METERING PUMPS

The Chem-Tech Series XPV pump combines the best in variable speed peristaltic pump technology with state of the art control electronics, providing unparalleled performance, control, and value. The Series XPV represents the leading edge of microprocessor performance management that allows a variety of choices of input signal types, and onboard timer programs to customize this pump to any application. Of course, this pump is as rugged and reliable as its fixed speed siblings, the XPF and the XPA.

WQA

hem-Tech Seires XP & XPV Pumps See www.wqa.org for certification parameters.

#### **FEATURES**

- Variable Speed Motor.
- Fully Scalable 4-20mA Input.
- · Hall Effect Input.
- Contacting Head Water Meter Input.
- Flow Totalization. Accurately reports the volume pumped at the touch of a button.
- · Cycle Timer. Run automatically at set intervals.
- Daily Timer. Inject chemical based on days of the week.
- · LCD Display. Simple, intuitive program selections and clearly displays operating parameters
- Duplex Head Models. Two pump heads to deliver twice the flow, or the rated flow of two different chemicals simultaneously.
- Tubing Materials. Standard Norprene tube material in Low Pressure ratings extended tube life, High Pressure ratings meet demanding system requirements. Fluran tubing greater chemical resistance: contact Technical Service for compatibility.

#### BENEFITS

- Reliable metering performance.
- · Mixed fluid capable. Inherently degassing.
- · Extended tube life.
- Rugged, sealed gear train.
- · Easy tube change-out.
- · Self priming.
- · Chemical resistant materials.
- · Simple installation

### **MODEL SELECTION**

| Model | Flow               | Pressure Rating - PSI (BAR) |          |                       |          |           |                      |
|-------|--------------------|-----------------------------|----------|-----------------------|----------|-----------|----------------------|
|       |                    | Single Head Options         |          |                       | Duplex   | Tube Size | Motor Speed<br>(RPM) |
|       |                    | "H" Tube                    | "L" Tube | "F" Tube              | "L" Tube |           |                      |
| XP008 | 8 GPD (1.3 LPH)    | 125 (8.6)                   | 80 (5.5) | 60 (4.1)              | 80 (5.5) | 2         | 65 Max               |
| XP017 | 17 GPD (2.7 LPH)   | 110 (7.6)                   | 70 (4.8) | 50 (3.4) <sup>1</sup> | 70 (4.8) | 3         |                      |
| XP033 | 33 GPD (5.2 LPH)   | 100 (5.9)                   | 50 (3.4) | 40 (2.8) <sup>2</sup> | 50 (3.4) | 4         |                      |
| XP055 | 55 GPD (8.7 LPH)   | 80 (5.5)                    | 40 (2.8) |                       | 40 (2.8) | 6         | 60 Max               |
| XP100 | 100 GPD (15.8 LPH) |                             | 25 (1.7) |                       | 25 (1.7) | 8         |                      |

<sup>1</sup> Max flow rate is 15 GPD (2.4 LPH) with Fluran tube.

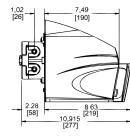

<sup>2</sup> Max flow rate is 28 GPD (4.4 LPH) with Fluran tube.

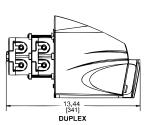

## **ENGINEERING DATA**

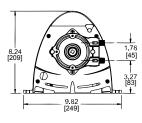

|                         | Variable Input  |  |  |  |  |  |
|-------------------------|---|--|--|--|--|--|
| Drive                   | Duplex Head   |  |  |  |  |  |
| Tubing                  |   |  |  |  |  |  |
| Norprene Low Pressure   | 1/4" or 3/8" Tube Fittings  |  |  |  |  |  |
| Norprene High Pressure  | 1/4" or 3/8" Tube Fittings  |  |  |  |  |  |
| Fluran                  | 1/4" or 3/8" Tube Fittings (Does not include strainer & Injector accessories)                                       |  |  |  |  |  |
|                         |   |  |  |  |  |  |
| Viscosity Max CPS       | 300 CPS   |  |  |  |  |  |
| Turn- Down Ratio        | 100:1   |  |  |  |  |  |
| Enclosure               | NEMA 3R / IP31 (In Horizontal Position)   |  |  |  |  |  |
| Dower Input             | 115 VAC/60 HZ   |  |  |  |  |  |
| Power Input             | 230 VAC/50/60 HZ*   |  |  |  |  |  |
| Temperature Limitations | 104ºF / 40ºC max.   |  |  |  |  |  |
| Shipping Weight         | 8 lbs. / 3.63kg.  |  |  |  |  |  |
| Approvals               | Conforms to ANSI/NSF STD. 50 Equipment for swimming pools, spas, hot tubs, and other recreational water facilities. |  |  |  |  |  |
|                         |   |  |  |  |  |  |

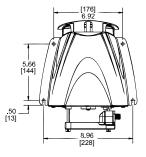

\*50 HZ:Rated for intermittent duty only. Continuous duty is not recommended.
